Might Be New
County Warden

ALLAN

Is Retiring From
Municipal Office

Quite Possible That Five Reeves Might Be In The Field — Lymburner Of Calistor And Patterson Of Niagara Town Are Sure Candidates — Grimsby's Last Warden Was Wm. Mitchell Away Back In 1910—There Will Be Six Ex-Wardens Sitting On The 1947 Council.

(St. Catharines Standard)

With the inaugural meeting of the Lincoln County Council only a few days away, interest is mounting throughout the district as to who will succeed Robert M. Johnson as Warden of Lincoln for 1947.

As the County Council closed its 1946 sessions in December, two prominent members of the council, W. L. Patterson, Reeve of Niagara-on-the-Lake, and Leslie R. Lymburner, Reeve of Calistor Township, announced their intentions of being in the 1947 race for the wardenship.

When the new council meets on Tuesday, January 21, in St. Catharines, six ex-wardens of Lincoln will take seats around the table. They are: Reeve Robert M. Johnson of Port Dalhousie, Warden in 1946; Reeve Cecil Seccord of Grimsby Township, Warden in 1945; Reeve William E. Headrip of Grimsby, Warden in 1942; Reeve W. M. Sheppard of Niagara, Warden in 1941; Reeve J. R. Stork of Louth Township, Warden in 1934 and Deputy-Reeve Robert O. Dawson of Niagara, Warden in 1938. One familiar figure, Charles W. Durham of North Grimsby, Warden in 1943, has retired from the council due to illness. He served last year as Chairman of the Road Committee and his familiar, smiling face will be missed by his colleagues.

The year 1947 will see one additional member on the county council, bringing the total number to 21, with Grimsby now having a Deputy-Reeve. Reeve John L. Hewitt was re-elected by acclamation in Grimsby for 1947 and A. C. Price was elected by acclamation to be his running mate as deputy-reve. Other new members of the county council this year will be J. R. Stork, Reeve of Louth, (Continued on Page 7)

Nominations For Award Are Now Called For

Submission Of Names For Lions Club Annual Citizenship Award Should Be Made Now—Send Them In.

Written nominations for the annual Citizenship Award of the Grimsby Lions Club should be in the hands of Vernon Tuck, secretary before March 1st.

The Award is given to any adult or child of the Town or Township who by some particular act or series of activities has brought honour or contributed to the community life of the district, which the judges deem worthy of being recognized.

The Judges, if they feel that no nomination merits with the requirements of the award are at liberty to make no award for any particular year.

YOUNG LAD ASPHYXIATED IN HOME BY ESCAPING COAL GAS

Bruce Graham Found By Neighbor On Saturday — Great Dane Dog And Cat Also Dead — Last Seen On Thursday Night — Parents Holidaying In Texas.

Believed to have been a victim of coal gas fumes from the furnace, Bruce Graham, 18-year-old son of Mr. and Mrs. J. A. Graham, North Grimsby township, was found dead in bed at his home late Saturday afternoon. A Great Dane dog and a cat were found dead in an adjoining room. The youth and animals are thought to have been dead since about midnight Thursday.

A former student at the local high school, where he was prominent in basketball and other athletics, he had returned last week from Texas, where he had accompanied his parents who had intended to remain there until spring. He was staying alone at the family home, on No. 8 Highway near the Grimsby Beach road, and was last seen alive about 10.30 o'clock on (Continued on page 9)

VOL. LXII—No. 28

GRIMSBY, ONTARIO, THURSDAY, JANUARY 16th, 1947

Heavy Year Ahead Of Council

SCHOOL DAYS, SCHOOL DAYS, DEAR OLD GOLDEN RULE DAYS

This picture was taken some time in the early or middle 80's and is of all the pupils then in attendance at Grimsby Public School. The two teachers, the entire staff, were Miss Agnes Boughner, a sister of the late Mrs. Wm. F. Clarke and Miss Bella Sumner, a cousin of the late Mrs. Clarke. The school building is now the home of Dick and Buddy Shafer at the corner of Mountain and Elm streets. The pupils were: 1st Row, left to right: Jack Gibson, Lily Smith, Lottie Hill, Hatty Udell, Ethel Teeter, Lizzie Gibson, Jessie Snyder, Lizzie Hill, Kate Downer, Sarah Cole, Grace Millward, Amanda King, Alice Norton. 2nd Row, left to right: Ernest Culp, Ed. Norton, John

McNinch, Bob King, Ed. Smith, Maude Saunders, Jim C. Clarke, Nettie Hill, Edith Milgate, Alice Roszel, Maude Hughes, Emma McDougall, Reggie Nelles, Leslie Decew, Bob Farrell.

3rd Row, left to right: D. Wentworth, Florence Freshwater, Louie Hughes, Melissa Wilson, Maude Farrell, Mary Dowser, Clara Whittaker, Etta Sullivan, Lillie Kitchen, Miss Boughner, teacher, Willie Kitchen, George McNinch, Charles Loosley, Fred Decew, LeRoy Oakley.

4th Row, left to right: Sherman Minthorne, Willie Wilson, Miss Sumner, teacher, John Durham, Edna Randall, Belle Henry, Will Durham, Will Clarke, Lorne Hill, Delbert Durham, Reuban Farrell, Will Gibson, Duncan Cole.

ANDY CLARKE MARKED SEVENTH ANNIVERSARY

"Mayor Of The Little Places" Made His First Neighborhood News Broadcast On January 7th, 1940.

In his "Neighborhood News" broadcast for Ontario and Quebec last Sunday, at 10.30 a.m. over the C.B.C. Trans-Canada network stations, Andy Clarke completed his seventh year as "Mayor of the Little Places."

Andy made his first "Neighborhood News" broadcast on January 7, 1940, and his following has grown with the years. His fan mail is at great and varied, evidence that his is a welcome voice in "those intimate places."

(Continued on Page 7)

IN THE DAYS OF REAL FUN

Back in the years 1908-9-10-11-12, Grimsby became famous throughout the province for the large, original and magnificent parades of industrial, mercantile and calathumphant floats that featured every Labor Day program of sports and other entertainment. These parades were held under the auspices of the old Grimsby Club that for years occupied premises which burned down, that stood where the Temple building now is. Then they owned and occupied the property now owned by Johnson's Hardware, that is where this property gets the name of "club property." The Club went to pieces during the First World War and was never re-organized. This picture of the giant rooster and his clown trainer was taken on parade day, 1909. The young man in the rooster, or the motive power, is Lorne House. The Clown trainer and creator of the idea is Francis Hill, lately retired from Hamilton Police Force after 30 years service.

MINISTER RETIRING

Rev. W. J. Watt, minister of Trinity United Church, having announced his retirement at the end of June, the official board of the church has appointed the following as a pulp committee to do the necessary work to fill the vacancy: C. D. Millard, (chairman); T. L. Dymond, Mrs. G. F. Mitchell, Mrs. Claude Bodes, A. V. Catton, Harold Jarvis, Vernon Tuck and H. W. Powell.

The following appointments have also been made by the official board for the ensuing year: Claude Bodes, representative to presbytery; A. L. Greenwood, alternate representative; B. A. Smith, treasurer M. and M. fund.

SCHOOL TEACHERS WANT AN INCREASE IN PAY

Grimsby School teachers have asked the Board of Education for another increase in salaries with a possible minimum of \$1,600 for public school teachers and extra salary for special certificates.

T. L. Dymond, board chairman, requested the internal management committee to get comparative rates of pay paid by towns of similar size to Grimsby and to present a report at a special meeting to be held before the regular February meeting.

Awrey Lipsit has been re-appointed county representative on board for three years. Mrs. William Groce was re-appointed truant officer.

YANKEES DO NOT WANT OUR CANADIAN FRUIT

Trade Between The Two Countries Is Only A One-Way Street, Growers In Meeting Are Told.

Cobourg, Jan. 8.—The present fruit trade with the United States is a "one-way street" with the United States wanting Canadian markets without making any concessions in return, M. M. Robinson, secretary of the Ontario Fruit Growers' Association, declared here today. He addressed the annual meeting of the Northumberland and Durham Apple Growers' Association. It was the largest attended meeting in the history of the association.

"I told Washington we would accept free trade if it were a two-way street," Mr. Robinson said. "But the United States wants one-way trade. They do not want it any other way. The southern states are opposed to importation of fruits. The potato growers in Maine and the vegetable growers in Ohio are strongly against our products coming into the country. Ontario vegetables are not wanted, and neither is British Columbia fruit. But they want our money."

"Trade treaties cannot be negotiated unless the growers are willing to relax their rates," Mr. Robinson continued. "This does not (Continued on page 9)

YEAR'S HIGHWAY TOLL DEATH EACH 13 HOURS

For every 13 hours that passed in 1946, one Ontario citizen was killed in a motor vehicle accident, Highways Minister George Doucet revealed last Thursday in an appeal to Ontario motorists and pedestrians for greater highway safety.

A preliminary compilation of last year's accident statistics for Ontario disclose a total of 679 deaths, the highest number since 1941 when 801 persons lost their lives.

Disposal Plant, Sewer Construction And Other Necessary Projects Will Keep Councilors Busy—Citizens Consumed 168,611,000 Gallons Of Water In 1946—Increase Library Grant In Order To Get Larger Government Grant — Aiton Chairman Of Finance, Chivars Board Of Works.

"We must get down to business and attend strictly to business throughout the year for we have some very heavy problems ahead of us, such as the sewage disposal plant, sewers and other projects." Such was the friendly warning handed out by Mayor Bull to his council at the inaugural session on Monday night.

His Worship expressed thanks to the electors for allowing him another term in office by acclamation and warmly welcomed the new members of the council. Archie M. Aiton and Robert Johnson. He remarked that it "seemed coincidental that Mr. Aiton served his first year as a councillor in 1941 and was the prime mover in the purchase of the local Hydro Electric System and now he was back in council again in the year that the Hydro would be completely paid for."

Rev. George McLean, B. A., of Grimsby Baptist Church, briefly addressed council and offered a short prayer for their success during the year in the handling of the affairs of the citizens.

Messrs. Harold B. Matchett and P. V. Smith appeared before council on behalf of the Public Library Board. Previously council has granted to the board the sum of \$1400 a year. North Grimsby Council granted half that sum, \$700. The Board received from the Ontario government small grants totalling \$315. The government has (Continued on page 8)

NEW EXECUTIVE APPOINTED FOR CHAMBER OF COMMERCE

Job Is Finished

With the lifting of price controls on fruits and vegetables, Earl J. Marsh, General Manager of Niagara Packers Limited, has been released from service with the W.P.T.B. and has returned to take charge of his own company. Mr. Marsh served for four years on the fruit and vegetable division of the Prices Board.

Despite Bad Weather And Road Conditions Tuesday Night Meeting Was Well Attended — Meet Again In February — Membership Fee \$2 Per Year.

Despite bad walking, hazardous road conditions and a splash of rain thrown in, a turnout of 63 people, including five ladies, attended the meeting in the High School Auditorium on Tuesday night for the purpose of discussing the reorganizing the Grimsby Chamber of Commerce.

L. O. Mason, Managing Secretary of St. Catharines Chamber of Commerce, addressed the gathering at length on the aims and purposes of such an organization and of the great amount of good that such a body can accomplish for a community.

It was decided at the meeting to reorganize and the following executive committee was appointed, they will choose their President and Secretary from among themselves. The Directors are: Don Morton, Wm. Palmer, Lew Mc-Niven, Don Marshall, Mel Johnson, Ollie Shaw, Bert Constable.

Applications for membership are now being accepted by the executive and the fee is a very low one (Continued on page 9)

Has Served North Grimsby For Over Half A Century In Various Capacities — In 37th Year As Clerk And Treasurer — Was Warden Of County In 1909 — First Meeting Of Year — Officials Appointed — Aikens Chairman Of Roads, Bartlett Finance Minister — 1947 Taxes Being Prepared.

Entering his 37th year as Clerk and Treasurer of North Grimsby Township and his 31st year as an active municipal official, Thos. W. Allan informed Township Council at their inaugural meeting on Monday that as soon as his books for 1946 were audited, a new Clerk and Treasurer appointed and broken in, that he would retire from active municipal life.

Thomas W. Allan has served the people of his municipality well and faithfully for over half a century. His service has been continuous. He first entered municipal life as a township councillor in 1898 and served as a councillor in 1899-1900-01-02-03. In 1904 he was elected

THOS. W. ALLEN

Reeve and was also Reeve in 1905. In 1906 and 1907 he was Assessor of the Township. He returned to the Reeve's chair in 1908-09-10. In 1909 he was Warden of Lincoln County.

In 1911, upon the death of the late John Kerman, Township Clerk, he was appointed to that position and has held it ever since. His Clerkship has been flawless and he is today one of the best posted rural municipal clerks in the province and it is with regret that not only the council but all citizens received the news of his retirement. While in excellent health, still, Mr. Allan feels that he has reached the time of life that he would like to have a little leisure.

At the opening session of council ex-Reeve Charles W. Durham was present and extended best (Continued on Page 7)

FACTS & FANCIES

Frank Fairborn, Jr.

FROM THE PORTAL

The Windsor Star facetiously remarks:

"Excuse us while we measure the distance from the front door to our desk, and figure out how much we should be demanding in back pay."

That explains about as well as anything could explain what these demands mean in the United States for portal to portal back pay.

The demands have already reached the staggering total of three billion, and if they had to be enforced would cause bankruptcy right across the continent and totally eliminate any possibility of wage increases, even where such might be justified. There is such a thing after all as killing the goose which lays the golden egg.

RESULTS OF COLDS

A hard cold is not to be taken lightly, and many of the people who are thus suffering would do better to go to bed for a day or two. They would probably recover sooner than if they keep on at their regular occupation while so suffering.

If they are at home, some of them avoid the chance of giving an infection to those whom they meet. Some of course have duties so urgent that it seems necessary for them to keep at work. If their cold should develop into something worse, they might wish they had stayed out.

Many old people feel the cold quite severe, and they may need homes heated warmer than the average family will desire. Some of them could meet that difficulty by wearing warmer clothing. Anyway, over-heating houses burns up a lot of fuel, and so it costs money.

HUNTING COMMANDMENTS

Because we have a number of local hunters, most of whom know these rules already, and also a number of youthful would-be hunters, who may not, we quote the following commandments, taken from the current number of Sylva, the magazine issued by the Department of Lands and Forests.

1. Thou shalt not hunt without a license, and shall carefully observe all the regulations in connection herewith.

2. Thou shalt not assume that the said license is a permit to the free use of private property over which thy search for game may take thee. The farmer is a good sport; respect his rights and enjoy his hospitality.

3. Thou shalt not shoot thy gun towards the farmer's live stock when within range of such, nor endanger his family or property by indiscriminately blasting away in close proximity to his home or farm buildings. To do so is to rouse his ire and forego further privileges on his property.

4. Thou shalt not assume a careless attitude while carrying a loaded firearm, but shall exercise care to see that the muzzle is at all times pointed in a neutral direction.

5. Thou shalt not enter an automobile bearing with thee a loaded firearm, lest thou endanger thine own life or the lives of others.

6. Thou shalt not carry thy gun with thee when climbing fences, but shall put it through carefully with the muzzle pointing away from thee, having first made certain that the safety catch is "on".

7. Thou shalt not draw thy gun towards thee by the muzzle, for the trigger is sensitive and death lurks in every twig.

8. Thou shalt not stand thy gun against a tree or in any other precarious position where it is liable to slip and discharge accidentally. Open the breach and lay the gun carefully on the ground. Prevention is better than detention.

9. Thou shalt not carry thy gun cocked lest perchance a fall or sudden jar cause it to be discharged with tragic consequences.

10. Thou shalt not fire at any object without knowing what it is, and that it is legitimate prey. "I thought it was a deer," will sound anything but comforting to the friends of the deceased, should tragedy result. Better to lose the game than lose your peace of mind.

WORKS TWO WAYS

The huge claims in the United States for portal to portal back pay promise to backfire on the claimants. R. M. Harrison, in The Windsor Star, says:

For instance, the Rockwell Manufacturing Co. of Pittsburg, named in a portal suit for \$6,000,000, has entered a counter-suit against the union for \$15,000,000 allegedly lost because of slowdowns. And the Lufkin Rule Co. at Saginaw, Mich., defendants in an \$818,000 portal suit, may ask the union to pay back unearned money employees received for time spent in quitting 15 minutes early to wash up. "What's sauce for the goose is sauce for the gander," says this commentator.

How much has production been interfered with by shop committee meetings, all on company time? This practice has been reported right within this city.

UNPLEASANT OUTLOOK

Dr. Andrew C. Ivy, of Chicago, says that from seven to sixteen million of America's 140 million people, could expect to have stomach ulcers.

That is rather an unpleasant outlook for the people of the United States, and, if true, the prospect is just as unpleasant for a proportionate number of Canadians.

One wonders at the reason. Is it the food, or the manner of eating, or the irregularity with which we are accustomed to take our food? Or is it the tempo at which we live today?

One would think that with the peak to which the medical profession has attained, with the pre-digested foods we have at our disposal and our knowledge of vitamins, calories, etc., our stomachs by now would be completely under control. But, apparently, it is not that way at all.

Do we know too much about food, or do we just think we do? Or do we worry too much about our food—what it may or may not do to our stomachs? Worry is a poor digester.

In pioneer days people, if they ever thought about their stomachs at all, thought they were just a receptacle to hold food, and the only worry about them was that sometimes they were not properly filled. But what they put into those stomachs was their business and not that of the stomach. And the stomach seemed to understand that thoroughly, and fully accepted that responsibility.

And it was some responsibility in those days, too. Fried potatoes, pork and pie for breakfast, with something else added for the other two or three or four meals of the day. Perhaps stomach aches were common, but stomach ulcers were unknown. Why can't we take it like that?

Men and pins are useless when they lose their heads.

First Post-War Ship Built in Canada on Maiden Voyage

When the Canadian Cruiser sailed out of Montreal recently on her maiden voyage with her holds bulging with Canadian commodities going to the West Indies, it was a forward step in Canada-West Indies trade relations. It was a great stride too in the development of Canada's shipbuilding industry. The first post-war ship to be constructed in the Dominion, the Canadian Cruiser is all-Canadian built.

One of three sister ships, the Canadian Cruiser was purchased from War Assets Corporation by the Canadian National Steamships and was built by National Steamships and was built by Canadian Vickers Limited at Montreal. The others, the Canadian Challenger, being built by the Burrard Drydock Company at North Vancouver, and the Canadian Challenger, by the Davie Canadian Shipbuilding Company at Quebec, are expected to go into service soon.

Powered by the largest set of diesel engines ever built in Canada, the 6,000 H.P. four-cylinder diesel engines will carry the new C.N.S. 7,300-ton ship through the water at a 16-knot clip. Each has 16,000 cubic feet of refrigerated space, and 870,000 of general cargo space. They have accommodations for 12 passengers, five two-berth and two single rooms. All are air-conditioned and are equipped with shower baths and toilet.

The trim white-hulled Canadian Cruiser is shown in the top photograph starting out on her maiden voyage to the West Indies. Officially inspected before being accepted by the company, the lower photograph shows, left to

right, H. J. Symington, C.M.G., K.C., Director, Canadian National (West Indies) Steamships; T. Rodge McLagan, Vice-President and General Manager, Canadian Vickers Limited; E. C. Vaughan, C.M.G., Chairman and President, and R. B. Bennett, Director, C.N.S. Trust, left, is Captain R. A. Clarke, General Manager, C.N.S., and right, Capt. H. Bailey, M.B.E., who brings to his new post as master of the Canadian Cruiser fifty years' service sailing the high seas.

THE GRIMSBY INDEPENDENT

Merchants didn't break many shovel handles clearing the snow off the sidewalks.

Butcher shops are short on beef. Why worry, boys, the beef supply is back to normal.

Jimmy Baker doing his own cabinet making work in rebuilding his newspaper business.

"Grandpa Sandy" with a smile a mile long. The old story, when you do a good deed you have a right to smile.

Supt. Lawrie and his men including the snow plow crew kept the streets in good shape during the stormy weather.

Understand that Rev. W. J. Watt is retiring in June. Hope that his decision to remain a permanent resident of Grimsby.

Pack 'em right, they will sell right, whether they have a cover on or not. There is the gist of the argument on the red head.

The end of the year. The Village Banker scratching his head. No wonder. My overdraft gives him a couple of dimes to scratch on.

Rain, sleet, snow. Snow, ice, sleet, water. Slipping over snowbanks one day, slipping and sliding the next day and then on the third day use a cane.

Try and get a clear picture of the amount of damage done to fruit trees by the ice storm breaking them down. No two fruit growers have the same story. It over was thus.

If I hear me right there are a couple more Grimsby families who are going to purchase Luxury Liner mobile homes from Ingleshart and Oledhill and slide away south for the rest of the winter. Oh, to be a good peach grower.

Davey Thompson sprouted another crop of grey hairs during the ice storm. Hydro poles, towers and lines took an awful beating, but fortunately the power interruption in Grimsby was very light compared to other localities. Hydro and Bell Telephone men are deserving of great praise for their heroic battle against the elements.

The rumble-mumble-jumble jitterbugs are lost without the Saturday night dances at The Inn. Peggy and her staff were just plumb tuckered out after the strenuous holiday season so the dances are cut out for this month. Understand that during February and March many new and entertaining features will be introduced at the Saturday night hops and it is just possible that the famous Gypsy Rose Lee will make an appearance in The Oak Room. Won't that tickle to old head heads.

'WAY BACK WHEN

Frank Fairborn, Jr.

The text of the service this week in "The Old Town Pump." This article was written for The Independent in 1934 by the late A. M. "Doc" Millward and is printed herewith in its entirety without any changes of any kind. It will be noticed that some of the people mentioned have died since 1934 and others are not now in business in Grimsby. 22 years makes a lot of changes.

"The old caken bucket,
The iron bound bucket,
The moss covered bucket
That hangs in the well."

It is related that George McNinch once said that if certain parties did not leave him alone he would "bring them up before the town pump."

The town pump was an institution in the days of not too long ago. In fact New England Yankees did bring offenders "up before the town pump," a survival of the ducking stool. And might I remark that the ducking stool would not be amiss in this day?

Grimsby has had two "town pumps." The old "foundry well" and one put in later on the N. J. Tenter property on Main street west, opposite the United Church.

To the former the old adage "history repeats itself" might well be applied—1884, a spot to water horses; 1934, a spot to water automotive vehicles.

When the village bought a hand-pumped fire engine in 1878 or 1877 there were but few wells available. One can name about all of them. A deep well of little use was on the Hugh St. Anderson property. This was useless for the fire engine as the section here would not reach the water and it has since been filled up. At Dr. Millward's was an eight-foot well that was never failing in ordinary circumstances but would not last more than a couple of hours at best for the fire engine.

George VanDyke on Mountain street had another good well; John V. VanDyke at the corner of Depot and John streets had a third; and one at the Adams McGregor house at the corner of Oak and Elm streets was the fourth of the wells that are still being more or less used.

There were several others at that time but none of them were any too reliable in case of fire. The one in front of Forbes' store (now Brown & Bryden) was usually kept locked; and in front of the Lincoln House (Hotel Grimsby); on the John H. Groat property on Elm near Mountain were two others on the street front; but of them all the Millward well was the only dependable one, and it was isolated.

The summer of 1880 was a particularly dry one and Richard Shannon had been appointed as a night-watchman in case of fire; and "Dick's" one relaxation from the monotony of his rounds was to spend a few minutes with the men delving in the stiff blue clay just east of where the entrance to the Grimsby Garage now is.

Again history repeats itself. Richard Shannon is now chief engineer of the waterworks pumping station. In 1880 he watched the town for fire. Forty-four years later he still protects the town by having at his command a set of high-pressure water pumps.

The need of water was almost appalling; six families were using the Millward well; everybody on John street and several on Depot and Victoria were using the John V. VanDyke pump; the George VanDyke well on Mountain street was a veritable Mecca; and Tallman Cole hauled many, many barrels of water from the lake.

The council of that dry year was (to be facetious) rather inclined to be dry too; John H. Groat, reeve, Wm. Forbes, Eugene Udell, C. J. Bates, J. W. Duval; and Mr. Groat made (as an individual) a proposition that if the council would put up \$40, the firm of John H. Groat & Co. would pay the balance to dig a well and put in a pump.

I do not think anyone with a haxel switch was invited into the conference—Mr. Groat did not believe in such flummery—and to those who knew him it is needless to say that he located the spot for the well. Intuition or study matters not the why. It proved a wonderful well as future use showed.

In the early eighties the Grimsby Methodist Camp ground was a great money-making institution. The Rev. T. DeWitt Talmadge, Dr. Spurgeon, Sam Jones, J. W. Bengough, Miss Schumaker, and many other notables were big attractions and as there were no automobiles those days the old Q. & O. road through Grimsby was literally crowded with homes on Sundays when any of these attractions were advertised to appear.

The kids around town (I was one of them) used to come early to the "foundry pump" with one, two or three "horse pails" to water the horses of those going to "camp meeting." And many a dollar the boys made in 5c, 10c and—very seldom—25c tips for unchecking, watering and rechecking the thirsty horses.

As can well be imagined many thousands of of water would be taken from the well, but galler failed. Who actually dug the well I do not know, but can distinctly remember the tough rents of blue clay that were sent to the surface christenedly used as a revivener around the well, and is well served its purpose—a most useful for which it is doubtful Mr. Groat was ever on due credit; but it finished the Anderson well, giveceptibly lowered the Millward well, though and had less than three feet of water in it.

It as time went on, as time will do" the denizens denizens—of Grimsby voted favorably on a works by law and in 1905 the town pump be-water institution of the past. Not that it has any came n the question, but it might be remarked bearing that J. W. VanDyke had installed a prin passing stem in 1888. And another point in vate water as well get our name in print) the passing after the village waterworks had been burning (don't it great, Mary, to get your name the paper.) Crude sarcasm perhaps. But it is bold fact.

In 1912 a garage was opened in the east for the building that John H. Groat & Co. had 1880—now perhaps better known as The In-vent block. In 1913 Brock Snyder bought in Watson and they put in the first gasoline pump place. It was not "they" but it was not it was with Watson "they" put it town but it was at this place. It was not the pump.

To day, about six feet from pump. Shades of stood there is a most modern gk of that old Noah Phelps and Manley Benson's draw-town pump that supplied water for think of ing the dollars to Grimsby Park, ensme old the modern gas buggies that stop so more; spot; get gas, and—well, Grimsby's ninety there is no pay gate at Grimsby's "town mine per cent. of the cars that get gas and pump" do not stop anywhere between Niagara Falls—except of course local

THE CANADIAN CITIZENSHIP ACT

The Canadian Citizenship Act which becomes effective Jan. 1st, 1947 breaks new constitutional ground, particularly as regards Canadian women. For the first time in our history the statute governing citizenship recognizes the equal status of women. Formerly, women applying for citizenship were classed as persons "under a disability" in the same category as minors and insane persons. Under the new Act women will have control of their national status.

Because the legislation is important to them, as it is to all Canadians, women's organizations across Canada are taking an enthusiastic part in Canadian Citizenship Week which is being observed from Jan. 5th to Jan. 11th. During that week citizenship ceremonies are being held in Charlottetown, Halifax, Fredericton, Quebec, Montreal, Toronto, St. Catharines, Vancouver, Windsor, Sudbury, Winnipeg, Saskatoon, Regina, Edmonton, Vancouver and Victoria. In each of these cities local committees of women's organizations, service clubs and educational bodies are working with civic and provincial officials in arranging ceremonies when new citizens will be given certificates of citizenship and welcomed into the Canadian family.

Here are some of the clauses which affect women: When a Canadian woman marries an alien, she no longer automatically changes her nationality. She retains her Canadian citizenship until such time as she files a form voluntarily relinquishing it.

A woman who marries a Canadian man, if she wishes, obtain Canadian citizenship after one year's residence in Canada with her husband. Previously such wives were regarded as "Canadian nationals" under the Canadian National Act of 1921 even prior to landing in Canada. Under the 1921 Act they were entitled to receive a Canadian passport which requested protection and assistance in foreign countries as a Canadian national, but they were not regarded as Canadian citizens under the Immigration Act. This anomaly no longer exists under the Canadian Citizenship Act and the Immigration Act has been altered to conform.

In accordance with the principle of giving women an equal position with men, an alien wife does not acquire Canadian citizenship as a result of her husband becoming a naturalized Canadian. She applies separately and after qualifying under the regulations will receive her own certificate as a Canadian.

Women who married Canadians and were lawfully admitted to Canada before January 1st, 1947, when the Citizenship Act comes into effect, automatically become Canadian citizens under the Act.

After January 1st, 1947, it requires one year's residence before they can acquire Canadian citizenship.

A woman married to a Canadian and who is already a British subject can become a Canadian citizen after:

- (a) Legal admission to Canada for permanent residence.
- (b) One year's continuous residence in Canada with her husband.
- (c) Filing the appropriate form with the Naturalization Branch, Department of the Secretary of State, Ottawa.

An alien wife in this category must appear before a court of examination, must be lawfully admitted to Canada for permanent residence and reside here for one year preceding the date of her petition for citizenship, and must file an appropriate form with the clerk of the Court in the judicial district where she resides.

THE MIXING BOWL

by Anne Allan
HYDRO HOME ECONOMIST

Hello Homemakers! Electricity will be playing an increasingly important role in our homes in the near future. There will be improved lighting. Lighting will be chosen first, because it is adequate for good vision and, secondly, because it is decorative. This is in complete contrast to the days when the rose shaded lamp with the fringe cast only a small circle of poor light, but was considered very elegant.

Electricity helps you work or relax with ease if the light is adapted to your work. Bare bulbs even inside frosted ones, are glaring and should not be used if they come within your field of vision. A 200 watt light is placed four feet from your tedious work, whereas a 300 watt central lighting fixture is ample for general kitchen routine.

One reason why homemakers prefer white or ivory paint for their kitchens is that these colours do not absorb light. It is especially important to stress keeping the kitchen lighting fixtures clean as they become greasy and dusty quickly. Darkened bulbs should be discarded — they give poor light and may burn out at an inopportune time. When you buy a supply of new ones, purchase long-life bulbs of the correct voltage. The local Hydro man should be consulted about the kind to buy.

Now that more people are studying and reading fine print every night, you really must consider adequate light. A white lined shade with a straight slanted side in a table-lamp near your reading chair with a 200 watt bulb provides the best source of light. The best types of floor or table lamps are those with white glass or white plastic bowls. A reflector bowl should be used below the bulb if the lamp is high. The tri-light lamp for instance has a reflector bowl — and table-reading lamps should have them too.

TAKE A TIP
Lighting and lightening tasks are two different things. Each should be planned and revised. Equipment is man-designed, but woman-used. The best way to decide whether your kitchen is unable to make a time-and-motion study of the jobs you do. How can your kitchen be improved?

1. Work space. Although the sink, refrigerator and electric range may be relocated for greater convenience in the approved plan the sink is the center with the range near the dining room door. There should be work surface on one side of the range, on both sides of the

this section available working surface which covers the baking utensils.

2. Improvements at the range: It is interesting to see the new features on the new electric ranges. These do a splendid job of baking, broiling, etc., and reduce time and strenuous work.

To complete the cookery section a metal utility shelf is needed at one side or directly above the range to hold seasoning and utensils used while cooking.

THE SUGGESTION BOX

If you wish the names of some reliable manufacturers of kitchen equipment do not hesitate to drop us a line.

Mr. K. says: Garlic Dill Pickles are something I can make and here is how:

Select cucumbers 2 to 3 inches long. Cover with brine of 1 cup coarse salt in 1 gallon of hot water. Add 3 tps. mixed whole spices, 1 medium clove garlic, 2 tps. vinegar, 1/2 tsp. alum and 5 tps. of dill blossoms. Put in cucumbers and seal.

Mrs. E. B. gives us a Mustard Pickles recipe:

4 qts. small cucumbers cut in pieces, 1 cauliflower in florets and 2 qts. small onions. Place onions and cucumbers in cold brine (2 cups salt to 4 cups water) and place cauliflower in hot brine. Cover. Let stand overnight. Drain well and cover with the following dressing: 1 cup flour, 2 tps. turmeric, 1 tsp. mustard, 2 tps. celery seed, 2 cups white sugar and 8 cups vinegar. Mix together and boil until thick. Pour over pickles while hot and bottle in jars.

Mrs. M. G. asks for a recipe for pudding sauce using egg yolks instead of cornstarch.

Answer:
Old-Fashioned Pudding Sauce
1/2 cup sugar, 2 tps. flour, 1-8 tsp. salt, 1 cup hot water, 1 tsp. mild-flavoured fat, 1 egg yolk, 1 tsp. vanilla.

Combine sugar, flour, salt and water. Bring to boiling point. Stir in fat. Add to beaten egg yolk, return to heat and cook, stirring for 2 minutes. Add vanilla.

Anne Allan invites you to write to her c/o The Grimsby Independent. Just send in your questions on homemaking problems and watch this little corner of the column for replies.

DEEP BREATHING

Stressing the fact that disease means decay and stagnation breeds disease, health authorities at Ottawa recommend deep breathing to sweep out the lungs and air passages with fresh air. They advise deep breathing exercises several times a day for health conservation.

All Girl Band Will Feature Beamsville Bowling Club Dance

Under the auspices of the Beamsville Lawn Bowling Club, "The Starlets," all-girl band from Hagersville will play for a dance in the Community Hall, Beamsville, on Friday, January 24.

This band, which was the subject of a feature story in the Toronto Star recently and has been playing to packed houses in Brantford, Hamilton, Simcoe, etc., during the past three years. They have travelled more than 60,000 miles during this time.

Mrs. Alex Ryans who has been ill at her home, Main west, with pneumonia, is now on the road to recovery.

Wm. Schwab and Mrs. Edw. Sullivan were in Hamilton on Wednesday last attending the 86th birthday party of Mrs. Frank Graisley.

We are very happy to report that Mrs. Frank Lambert of Davenport, Ia., a former resident of Grimsby, is on her way to recovery from her recent illness.

Jim Henderson's many friends will be sorry to hear that he is confined to his bed with a fractured pelvis.

We are pleased to report that Alex Scott is greatly improved in health and is now able to sit up for a few hours each day.

We are pleased to report that a baby daughter was born to Dr. Gordon A. and Mrs. Sinclair, in Toronto, on December 27th.

Friends of Miss Isabel Stevenson will be glad to know she is making satisfactory recovery from her illness at the Lincoln Memorial Hospital.

Women's Institute

The regular meeting of the Women's Institute will be held Tuesday, January 21st, at 8 p.m. at the home of Mrs. Seth Reed, Gibson Ave.

Coming Events

Card Party, Euchre and Bridge, Tuesday evening, January 21st, at 8.30 p.m., in the Masonic Hall, under the auspices of the Eastern Star. Prizes and refreshments. Admission 25 cents.

Eastern Star

The regular monthly meeting of the Grimsby Chapter, O.E.S., was held in the Masonic Hall on the evening of January 7th, at which time two new members were received into the Order.

The Chapter Charter was draped in memory of the late Mrs. Anne Culp, a Past Matron and at the time of her last illness, secretary of the Chapter.

Mr. F. Anderson was installed as sentinel for the year by Mr. L. Hyatt.

St. John's W.M.S.

The January meeting of the W.M.S. of St. John's Presbyterian Church was held on Thursday, January 16th, at the home of Mrs. W. H. Morris, with the new president, Mrs. Morris, in the chair. The study of the new book for the year "Toward a Christian India," was commenced.

This was followed by devotional exercises, closing with the Missal benediction repeated in unison. Lunch was then served and a pleasant social hour enjoyed.

Cubbing

After the opening ceremonies on Thursday evening "A" Pack gathered around the campfire while Alaska told the story of Mowgli and the Red Flower. After "Bonnie" the jungle became a very lively place as Alaska had arranged a fine program of games which included among the Red, Work Five pins, and slaps and minks.

Milly Hasky passed his compass test and Ed Tennant his tasks test. The meeting concluded with a song, "Mowgli and the Red Flower," and prayer.

When it comes to drilling in your mouth, many a patient thinks the dentist is boring for oil.

The Starlets are expected to provide something new for music lovers in this district. They specialize in modern numbers, featuring solos, duets and quartets. This band started from scratch through the philanthropic efforts of Mr. Laidlaw, who purchased \$4,000 worth of the best instruments possible to buy. Mr. Andy Sabola has been director from the start, as well as leading the Hagersville Band.

All the girls are from Hagersville, some attending High School and some working in offices. Keep Friday, January 24, as an open night to hear this band!

St. Andrew's W A

Miss Helen Gibson was speaker at the annual meeting of St. Andrew's W.A., held in the Parish Hall. She told of her work with Miss Marjorie Cannon, of Calgary, last summer, when they travelled by caravan to isolated areas in Southern Alberta organizing Sunday Schools. Rev. E. A. Brooks installed the newly elected officers as follows: Mrs. E. K. Brooks, honorary president; Mrs. F. J. Burton, president; Mrs. G. Wheeler and Mrs. George Coburn, vice-presidents; Mrs. Springer Mason, recording secretary; Mrs. John Chambers, treasurer; Mrs. Harold Matchett, educational secretary; Mrs. E. J. Croft, Devotion secretary; Mrs. E. L. Sutherland, flower convener; Mrs. George Hildreth, Living Message; Madeline John Chambers, Harold Matchett, William Layton and George Warner were appointed Ways and Means committee. Mrs. H. Matchett gave a talk on the new study book, India at the threshold.

celebrate the birthday of one of the esteemed members, Mrs. C. Burgess. To the congratulations and best wishes of her friends, Mrs. Burgess replied in a very happy and gracious manner, after which the meeting adjourned.

Trinity W.A.

The regular monthly meeting of the Trinity United Church Women's Association was held at the home of Rev. and Mrs. W. J. Watt

In Memoriam

WADGE—In loving memory of Richard Wadge, who passed away on December 31st, 1945. Ever remembered.

—Keith Brown and family.

RYAN—In loving memory of our dear son, John, who passed away January 20th, 1942.

He never leaves us
Although he has passed
A thousand memories
Are holding him fast.

—Ever remembered by Mum and Dad.

RYAN—In loving memory of my dear brother, John, who passed away January 20, 1942.

Good was his heart
His friendship sound
Loved and respected
By all around.
To a beautiful life
Came a sudden end
He died as he lived
Everyone's friend.

—Mary, Gladstone and children.

Baptist L.A.

Mrs. A. P. Norton, Ontario St., was hostess to the Ladies' Aid of the Baptist Church on Thursday afternoon, January 9. Eighty-five per cent of the membership was present and plans for the year's work were discussed.

The new budget was struck and a group system adopted for attaining the financial objective. Four groups were formed under the leadership of Mrs. J. H. Henslip; Mrs. R. B. Tomlin, Mrs. J. E. Eason and Mrs. W. L. Pettit, and each one will be responsible for carrying out a program to raise its share of the money.

A quilt is being prepared for the Red Cross. Arrangements were also made for serving supper at the annual meeting of the Church on January 29.

A cup of tea was served by the hostess and the social hour was highlighted by a birthday cake with candles burning brightly to

on Thursday afternoon, January 9, 1947. The new executive for 1947 conducted the meeting and attended to all matters of routine business. Plans for the coming year were discussed and the following conveners appointed:
Manit—Mrs. T. L. Dymond, Mrs. J. J. Graham.
Social—Mrs. E. McAlonen, Mrs. I. Husmel.
Kitchen—Mrs. H. Pickett, Mrs. J. Raymond.
Flowers—Mrs. J. Fisher, Mrs. J. Theal.
Sewing—Mrs. P. Wilkins.

Pianist—Mrs. J. Millar.
At the close of the business meeting, the President, Mrs. W. A. McNiven presented each of the retiring executive with a lovely flowering plant.

These were Mrs. D. Cloughley, Mrs. T. L. Dymond and Mrs. E. McAlonen.

Mrs. J. A. Moore and Mrs. P. Wilkins served a delightful lunch.

Too little sugar causes fear, says a scientist. Put the sugar to us, boys.

FRUIT GROWERS WILL HOLD FORUM MEETINGS

Directors of the Lincoln County Federation of Agriculture met on Saturday morning at the Agriculture office, and among other business drew up a schedule for the Fruit Forum meeting, which will be held every Thursday afternoon from two to four o'clock, commencing on Jan. 30th and running for six weeks. Eight subjects will be discussed.

These meetings will be held at six points in the fruit district of the county: Grimsby, Beamsville, Vineland, Experimental Farm, Grange Hall in Louth; Agriculture Office in St. Catharines and the Fruit Co-operative Hall in Virgil.

The afternoon meetings are a change from the evening meetings of last year, and it is hoped, as E. F. Neff stated to The Standard, "there will be a large attendance."

Chairmen for the various discussions are as follows:

Don Beamer, Grimsby; Chris Andrews, Beamsville; Ernest Culp, Vineland; Jack Broderick, Louth; Wallace Secord and Jack Ferguson of Grantham and Harry Dawson of Virgil.

A schedule announcing these meetings will be declared and sent out to all men on the spray service.

BURLINGTON TO HAVE FREE PUBLIC LIBRARY

(Burlington Gazette)
Following a conference of members of the Public Library Board and the town council, held on Friday evening last in the council chamber, members of the council agreed to take over the present library and operate it as a free town library. It was agreed that the Library Board should petition the council at its inaugural meeting to accept the library and operate it under the provisions of the Public Library Act. The council in turn agreed to pass the necessary by-law accepting the library and proceed with the forming of a new library board to operate the library. The entire cost will then be assumed by the town, and after grants from the provincial government and other sources are deducted the remaining expenditure will be levied for on the tax bill.

EPITAPH
Here lies the remains
Of Willie No-Brains
Whose ideas were high and mighty.
His life was short.
Just time for a snort
And to prove his car would do ninety.

Welcome West Lincoln Births

January 15th—To Victor and Mrs. Mason, Grimsby, a daughter.

Trinity Bible Class

The annual meeting and election of officers of Trinity Ladies' Bible Class was held at the home of Mrs. A. Jarvis, Depot St., with a good attendance. At the close of the business meeting the hostess served a delicious lunch.

Officers for the year are as follows: Teacher, Mrs. John Miller; Assistant Teacher, Mrs. Sarah Murphy; President, Mrs. Harold Pickett; Secretary, Mrs. George Tennant; Treasurer, Mrs. Audrey Klock; Card Convener, Mrs. Willie Bartlett; Work Convener, Mrs. J. Graham and Mrs. Udoth Stewart.

Boy Scouts

The next meeting will be held on Monday, January 30th, at the High School.

Duty Patrol—Bear Patrol; Patrol Leader D. Levine.

A series of addresses to be given at the Council Fire has been arranged. The first will be given at this meeting.

Obituary

MRS. JACOB VOLL
Stricken suddenly while at work in her home in Smithville on Friday, Mrs. Jacob Voll, the former Elizabeth Alice Neville, died before medical aid could reach her.

In her 60th year, she was a daughter of the late Mr. and Mrs. Wellington Neville, and was born in Calator Township where she resided until moving to Smithville five years ago. She was a member of the United Church.

Surviving, besides her husband, are three daughters and one son, Mrs. Percy Robbins, of Smithville; Misses Jean and Mildred, at home; and Ray Voll, of Grimsby Beach; also a sister, Mrs. John Monte, Niagara Falls, N.Y., and three brothers, Judson Nevills, Lake Wales, Florida; Arthur and Frank Nevills, of Dunnville.

DEER INSTANTLY KILLED ON QUEEN ELIZABETH

That lovely doe deer that we told you about last week, that was spending the winter in Grimsby Beach, is no more.

About 2.30 on Sunday afternoon the animal wandered out onto the Queen Elizabeth Way, between Baker's Road and Park Road and was struck and instantly killed by a car in charge of L. A. Maguire a member of the Chippawa police force.

The force of the impact did not cause the car to leave the road but did do damage to the extent of about \$150 to the car. Neither Mr. Maguire or any of his family who were in the car with him were injured.

Provincial Constable Teddy Hope investigated and brought the deer to town. On Monday it was turned over to County Game Warden Monty Lamour.

OLD TREES DAMAGED BY HEAVY ICE STORM

The recent ice storm, it now appears, did not do as much damage to the fruit trees as was at first anticipated, still the damage and loss is plenty heavy enough.

Far greater damage to trees happened on the mountain, particularly along the ridge, than below the mountain. Most of this damage all through the district was to old trees, more particularly the old sour cherry trees which in most cases split down the trunk from the heavy weight of ice.

While all trees carried a heavy load of ice still the young trees, particularly those that were trimmed down low, escaped with far less damage than the older trees.

It really will not be known for some considerable time just what the damage and loss of trees throughout the district will be.

Judging from the number of times they marry, it does seem the modern girl would run across the right husband in four or five trials.

BREVITIES

EVENTS and TOPICS of the WEEK in TABLOID

Lions Club meets next Tuesday night.

County Council meets on Tuesday next.

Port Dalhousie versus Peach Kings tomorrow night.

Fire loss in Niagara-on-the-Lake in 1946 was only \$1,000, as compared to \$15,000 in 1945.

Town workmen did a good job in removing the heavy ice and snow on Main street. Ice in some places was four inches thick.

Burlington fire loss in 1946 was \$3,115. The fire department answered 81 calls, 24 in the town and 27 in the adjoining townships.

White Canadian Aircraft Co. has gone into voluntary bankruptcy, having assigned to The Canadian Credit Men's Association.

Beamsville Bowling Club holding a big dance in the Community Hall on the night of January 24th. An all girl band will be the feature of the evening.

An overheated stovepipe in the H. E. Metcalfe workshop, in the Niagara Peckers warehouse at the C.N.R. station, gave the firemen a run on Thursday morning last. Damage was very light.

The Ontario Fire Marshal's inquiry into the fire at the White Canadian Aircraft Co. plant, last October, which was to have been held on Wednesday last, was postponed until Tuesday, January 28th, in the Council Chambers.

The death occurred at the home of his sister in Summit, N.J., on December 16th, 1946, of Louis D. Barchfield, for some years a resident of Grimsby. He was at one time Assessor for the Village of Grimsby and his home was on Elm street, now occupied by Mr. Tomlin and family.

Reports brought in by the members of the 13 units of the Niagara Sanatorium which comprise the central council show the gross collection for Christmas Sales in Lincoln and Welland Counties to be \$21,544 to January 6. This is an increase of 40 per cent over collections at the same date a year ago.

Simcoe, Jan. 13—At the annual meeting of the Norfolk Peach Growers' Association held here, a resolution was passed requesting the fruit branch of the Department of Agriculture to permit the manufacture of a special type five-inch basket developed by Dr. Uphall. At least 2,000 are sought for experimental purposes.

Vital statistics in St. Catharines were considerably increased in 1946 compared to 1945, the city clerk's department reports. Births last year totalled 1,289, an average of more than three per day, compared to 1,129 in 1945. Marriages were also increased, 483 being performed in '46 as against 376 the previous year. In 1946 there were 392 deaths in St. Catharines and in 1945, 374.

Property to the value of \$5,800, 693 exchanged hands in St. Catharines last year, according to Martin H. Laird, City Assessor/Commissioner. This involved 1302 transfers and in addition there were 226 family transfers. The increase over a normal year is shown by the fact that in 1946 there were only 627 transfers of \$110, property at a valuation of \$1,000.00. During the month of December there were 110 transfers, 93 for a value of \$576,776 and 17 family transfers at \$1 each.

Grassie News

(Mrs. Clifford Walker, Staff Correspondent)

The Ladies' Aid was held on Wednesday afternoon at the home of Mrs. Spencer Merritt, Grimsby.

The members of the Grimsby Church held their meeting at the home of Mrs. Lottie Walker.

We are sorry that Mrs. Mo the Blanchard has been taken to West Lincoln Hospital.

Mr. Hildebrand who recently moved into our neighborhood has been taken to the Sanatorium.

Mrs. Fred Black who has had her right arm in a cast for some time is able to use it rather cleverly. Little Betty Lou, 4, celebrated her first birthday Saturday.

FROM PAGE ONE

ANDY CLARK
portant centre that lie outside the big cities."

Each week, Andy reads more than 20 newspapers, including re-English-language weeklies of Ontario and Quebec, watching for interesting and unusual happenings which he mixes together with a dash of his own philosophy and serves up each Sunday morning. His listeners long ago got into the spirit of things, and they're likely to send him a bunch of violet-colored butterflies, peaches weighing a pound or more (in season), or something remains dug up in someone's garden. Andy always reads his mail carefully, to be sure he won't overlook mentioning a candidate for his "Over 90 Birthday Club."

Born at Grimsby, Ont., on July 23, 1922, Andy worked in a grocery store, a shipping office and a power plant before turning to a newspaper job on the old Toronto World. Later he worked on The Toronto Mail and Empire, The London Advertiser and The Toronto Globe. In 1926, while he was with The Globe, Andy became one of the first newsmen to broadcast direct from a newspaper's newsroom. He became a regular broadcaster in 1935.

Young in 1938 was elected warden of the county while he was serving as reeve of Calator. Mr. Lyburner contested the 1946 race for wardenship against Robert M. Johnston, reeve of Port Huron. The contest was one of the closest in Lincoln's history. Mr. Johnston being the victor.

According to their own announcements or judging by the figures available, five men might be considered as claimants for the 1947 wardenship of Lincoln. Reeve W. L. Patterson of Old Niagara, Reeve Leslie R. Lyburner of Calator, Reeve Leonard Hoare of Merriton, Reeve Sam H. Ecker of South Grimsby and Reeve John L. Hewitt of Grimsby. At least two of these men will contest the election and it might be possible that one of the remaining three will step in as the dark horse in the race for this year's honor.

ALLAN
wishes to Reeve Nelles and his council for a successful year in the operation of township affairs.

The annual convention of the Ontario Good Roads Association will be held in the Royal York Hotel, Toronto, on February 28th and 29th.

Prepayment of 1947 taxes total \$1,001.

East End water consumption in December was 1,034,000 gallons; West End, 345,000 gallons.

Geo. Mould, Rural School Attendance Officer, during 1946 made 12 visits to the various schools in the township. School attendance at all schools had set a record high.

Joint Fire Committee accounts for \$33.66 were passed.

Regular monthly meetings will be held on the second Saturday of each month.

A By-law was passed to borrow up to \$40,000 for current expenditures from The Canadian Bank of Commerce.

Road Superintendent Thos. MacKie reported that the new International truck with snowplough attached was working satisfactorily. During the recent storms all roads

above and below the mountain were kept open for travel with very little trouble. The plow is a "V" shape type with automatic hydraulic wing.

Ex-Reeve Chas. W. Durham was appointed Township Relief Officer at a salary of \$26.

Tax Collector Vic Thompson reported that over \$900 tax notices were sent out for the collection of 1946 taxes. \$96 of these tax bills were paid into the bank.

Reeve Nelles reported that the residents of S. S. No. 1 wanted council to grant permission for the school children to ride their bicycles on the sidewalk going to and from school, owing to heavy traffic conditions on No. 8 highway. Deputy-Reeve Athens will check the by-law re sidewalk bicycle riders.

Standing committees for the year were struck at follows, with the first named as chairman.

Reeve—Athens, McEwen.
Finance—Bartlett, Mitchell.
Joint Fire—Reeve, Deputy-Reeve, Barthel.
Township officials for the year were appointed as follows.
Clerk and Treasurer, protem, Thos. W. Allan.
Road Supt.—Thos. MacKie.
Fruit Pest Inspector—George Mould, 60 cents an hour.
Assessor—J. G. Metcalfe.
Auditor—S. S. Jocelyn.
Tax Collector—V. W. Thompson.
Engineers—McKay and McKay.
Soleitors—Lancaster, Mix and Sullivan.
Sheep Valuers—Peter Behmeyer, George Fiddle.
Pound Keepers—Peter Koelner, Alfred Bingle, Peter Robertson, John Hagar.
Library Board—Geo. Marr, two years; Philip Trugunno, one year.
Weed Inspector—S. J. Smith.
Collector Water Rates—J. H. Gillespie.
Building Inspector—Thos. MacKie.
Fence Viewers—Bert Greenwood, Harry Schwab, H. Dowie, Jas. Lawson.
Some men believe in everything about the church except in paying the preacher.

HEWITT
and W. J. Nicholson, deputy-reeve, who will replace former reeve George Wiley and deputy-reeve J. Douglas Taylor. Both Mr. Stork and Mr. Nicholson were elected by acclamation. Harold Freure will step up this year as reeve to replace George Montgomery as reeve of Clinton. He will be accompanied to county council by Deputy-Reeve Carmos Cosby. Malcolm Nelles will replace Reeve Charles Durham as one of the representatives from North Grimsby with Deputy-Reeve John Athens returning this year to his seat at the council.

One of the surprises of the year was the defeat of former Reeve Roy A. Saunders of Beamsville at the hands of Frank Laundry. Mr. Saunders was widely complimented last year on his work as chairman of the General Administration Committee of the council and was being rumored as a possible contestant for the Wardenship. Beamsville has not had a warden since 1935 when E. B. Osborne was given the honor. Mr. Saunders' defeat in the elections on Monday probably narrows the race for the 1947 wardenship to the two men who have already announced their intentions of contesting the office.

Leonard J. Hoare, re-elected by acclamation to the reeve'ship in Merriton, should, on the figures, be a claimant for the wardenship honor. Merriton has not had the wardenship since 1924 when William A. Richardson was warden. However, Mr. Hoare's chances may be slim due to the fact that 1947 will not mark his third year on the county council. J. Albert Wilson, Deputy-Reeve, will accompany Mr. Hoare to the council this year for his second term.

Two other men who might be considered for the office for 1947 are S. H. Ecker, Reeve of South Grimsby, who has been re-elected to his office, and John L. Hewitt of Grimsby, also returned to his seat on the 1947 council. Robert E. Book in 1931 was the last warden from South Grimsby and the town of Grimsby has never had the wardenship in its history as a town. In 1910 William Mitchell was warden when Grimsby was a village.

The fact that six ex-wardens will be sitting on the 1947 council narrows the field considerably when the added fact is considered that several of the members of the council will be new men. Deputy-Reeve Ivan Buchanan of Grantham is also probably out of the picture since Reeve Secord was given the wardenship in 1945. Deputy-Reeve Murray Misher of Gainsboro, who served a portion of the late Lorne Book's term last year, will return this year.

W. L. Patterson, reeve of Old Niagara, has probably the best chance at the 1947 wardenship as against Mr. Lyburner if only figures are taken into account. Old Niagara has not had the wardenship since 1929 when James Macpherson was warden. In addition to this fact is the outstanding work done by Mr. Patterson as chairman of the education committee during the past year. Even before his announcement that he would be a candidate Mr. Patterson was being widely rumored as a strong contestant for the 1947 honors and his re-election by acclamation as reeve of Niagara has removed any possibility that he might not be sitting on the council this year.

Reeve Leslie R. Lyburner, who was first to announce his intentions of contesting the wardenship in 1947, served as chairman of the finance committee of the county council last year and was credited with a fine performance. Stanley

NEW HORIZONS IN Canada Unlimited

MAYBE HE'LL PLAN YOUR NEW HOUSE...

... the house of the future ... the house that crystallizes all your notions of what a house should be! Maybe he'll rear a mightier power plant ... a more beautiful skyscraper ... a church such as Wren could only dream of ... a community where Canadians of the New Age can taste life more fully.

The stuff of such things, the brains and energy to shape them, are the heritage of all Canadians. And Canada's Youth is on tiptoe, girded to meet the challenge of Tomorrow.

Youth needs only encouragement ... active leadership in business and public affairs ... to loose its energies, spur its ambitions, and swing wide the gates of opportunity. Given that, the path stretches bright and clear to New Horizons in Canada unlimited.

Peach Kings Win-Lose

Peach Kings 8 Dunville 5 PT. COLBORNE 4;
PEACH KINGS 3

The Peach Kings went out to see or die for Coach McVicar who was almost from last Friday's tangle against the Dunville Mudcats. It was a great game. A game that Pop would have really appreciated, for his Kings really went full out to shake the Mudcats right into the ice, after spitting them a two goal lead at one stage of the game.

The nightmarish first period finished with the "Cats" leading by one goal. Miller in the nets for the Kings was an easy victim for four goals, two from Soggy Green's stick, and two from Smithville's pride and joy, Mr. Tyle. There were also shots on goal.

The Kings opened the scoring at the 4:36 mark, when Hill took Hermie Warner's pass to beat Blum. Dunville tied it up seconds later and surged ahead at the seven minute mark. Suke who is rapidly becoming the golden haired boy for local fans scored from a scramble, and Hutchison notched the third counter on a play set up by Hill and Warner. At the twelve minute mark Tyle scored from Peachell to give the "Cats" their one goal margin at the end of the first period. Craig got the only penalty of the period.

Dunville notched their fifth and final counter in the first minute of the second frame, when Jamieson scored from Green. The Kings with their backs against the wall opened up with some of the smoothest passing of the season, and at 6:30 they were rewarded for some smart hockey, when Hale scored on a beautiful play by Suke. At the three quarter mark, Suke scored the equalizer, going around the Dunville defense as if they didn't exist, and beat Blum hands down with a shot to the top right corner of the net. It was one of those goals that fans discuss over a cup of cocoa long after the tangle is over. Grimsby fans being noted for its cocoa drinkers with a half inch head.

It was at this stage of the game that Dunville were obviously tiring, whereas the Kings kept up their terrific pace, with all three forward lines back-checking like fiends, and the defense of Miller, Reid and Craig giving the questionable King remainder the best protection ever. Three quick goals and it was all over. The first came at 16:15 when Mattinson shot Craig's pass from the blue line. Blooming Blum never had a chance. At 18:37 Warner scored from Miller, and with nine seconds to go the hard-working kids, Tallman, Blanchard and Kemp ganged the Dunville goal, with Tallman pushing the puck past the "Cats" goalie.

The third and final period was scoreless, as the Kings played well although tiring. Dunville had burnt out completely, even the notorious Green was playing automatically. Blanchard and Stephens got two minute penalties from referees Frank Elliott, who for our money is the best of the current crop of O.H.A. officials.

The eight hundred and fifty fans left Mar's Palace with the feeling that the Kings are a good team, a team that will go quite some distance in their quest for the Intermediate "B" Championship. But as I joined some of the lads for a cup of that cocoa we previously mentioned, the big question was said it to one that has to be answered before too long—Robertson, Miller or MacMillan. It's quite a problem at that.

Peach Kings—Goal, Miller; defense, Reid, Miller; Centre, Zolt; Wings, Hale, Mattinson. Alternates: Kemp, Hutchison, Tallman, Craig, Blanchard, Warner, Hill.

Dunville—Goal, Blum; defense, Jamieson, Jones; Centre, Green; Wings, D. Loe, T. Long. Alternates: Stephens, Trick, Pennell, Tyle, Pitts.

saw the King's push with everything they could muster, but Forb on starved off the attack, even though he was clipped in the ear and had to retire for repairs.

Miller played a nice game in the Grimsby goal showing some of the stuff that Coach McVicar has maintained he could. It was also announced before the game that MacMillan was getting his chance on Friday night when Port Dalhousie the league leaders will be in town.

And so it is two wins and two defeats for our Peach Kings, with a lot depending on Friday's battle. It will be a great game, and for that matter a crucial game for the locals.

Line-ups:
Peach Kings—Goal, Miller; defense, Reid and Hale; Centre, Craig; Wings, Mattinson and Warner. Alternates: Kemp Hill, Suke, Hutchison, Tallman, Hale, Miller.

Port Colborne: Goal, Forbes; defense, Hewitt and Chambers; Centre, Semeley; Wings, Turck and Lockheed. Alternates: Nixon, Jarman, Minor, Melencoff, Lampman, Gardner, Bates.

Referee: Frank Elliott, St. Catharines.
Linesman: Vince Upper, Port Colborne.

Vinemount News

The repeat performance of Louisa M. Alcott's "Little Women" by the Vinemount Dramatic Society under the direction of Stuart Jeffries was held in the Vinemount W.I. Hall Friday night, January 10th, when an appreciative audience enjoyed an exceptionally good interpretation of the characters.

Miss Mary Hickey student from Toronto Normal School, has been teaching this past week at R.S. No. 10, Ballfield with Mrs. Stuart Jeffries and staying with Mrs. G. Glidden.

The W.I. will hold their regular Euchre and Dance Thursday evening, January 16th, in the W.I. Hall. Euchre 8:15 sharp. The Red Hill Ramblers supply the music.

Miss Myrtle L. Harper, New York City, home for the Christmas holidays, has been visiting her sisters, Mrs. Fred Matlar, Stony Creek, Mrs. Gerald Simpson, Hamilton and Mrs. George Glidden, Vinemount.

The Teenage Canteen held their first meeting in the W.I. Hall Saturday night, the first in three weeks, owing to Hydro, phones and bad roads.

An expert witness is the man who can give the right answers without stammering or appearing confused.

CONTINUATIONS

From Page One

NEW EXECUTIVE

only being \$2 per year. Blossom Time Festival activities were discussed at length as were many other questions. A tentative date for the Festival was set for May.

Another meeting will be held on the second Tuesday evening in February and all merchants, manufacturers, fruit growers and other citizens are invited to attend. The time and place of holding the meeting will be announced later.

YANKEES DO NOT

apply to the growers of citrus fruits. If the growers in both countries could sit down together they might be able to work out a solution.

Growers would have to see that their product is improved in standard so as to meet outside competition, speakers warned, pointing out that the conditions created by the war no longer existed. No immediate hope for tariff adjustments with the United States, was seen by the speakers.

YOUNG LAD

Thursday night when he got off a bus from Grimsby and entered his home.

The body was discovered by T. G. Mould, Grimsby Beach, who had been looking after the house during the family's absence. Going in to the home on Saturday afternoon he heard the radio but got no answer to calls. He found the youth in bed and the cat and dog in the next room.

Investigation by Provincial Constables E. G. Hope and William Oillings revealed that the front damper of the furnace was open while the pipe damper was tightly closed.

Dr. A. F. McInyre, coroner, ordered removal of the body to the Stonehouse Funeral Home where an autopsy was performed yesterday by Dr. L. M. Whittaker, a provincial pathologist of St. Catharines General Hospital. Authorities said that an inquest was unlikely.

Notified by telephone of the tragic happening, at Arlington, Texas, Mr. and Mrs. Graham flew home arriving on Monday night.

Surviving besides his sorrowing parents are one sister, Sylvia, who is attending McMaster University; one brother, James, and his grandmother, Mrs. James Graham, of Hamilton.

Funeral services were held yesterday afternoon from the Stonehouse Funeral Home, Rev. W. J. Watt officiating. Interment was in the family plot at Copetown.

BIG BENDIX BOOST
BRINGS BACK BACON

In addition to his screen and radio chores, Bill Bendix has now taken on still another activity. He's setting himself up as "America's - Most - Fervent - Booster - Of - Any - And - Every - State - That - Grows - Things - Edible, Inc."

The burly star, currently appearing in 20th Century-Fox's new hit, "The Dark Corner," which opens tonight and tomorrow night, at the Romy Theatre, explained his idea when he brought every member of the large cast—Lucille Ball, Clifton Webb, Mark Stevens, Kurt Kreuger, Cathy Downs, and others—a basket of fine Idaho potatoes.

It seems that Bendix mentioned the State of Idaho and its chief product on his air show, "The Life of Riley," and Governor Arnold Williams of Idaho sent Bill a "thank you" wire along with a carload of the choicest Idaho potatoes.

"If I plug one of the States on each of my shows," Bill kidded-on-the-level, "I'm not only performing my patriotic duty, but providing my family with lifetime sustenance without the hazards of shopping."

His role in "The Dark Corner," however, has Bill a bit apprehensive. He appears as a professional killer, and hopes it won't be a signal for enthusiastic fans to deluge him with guns, daggers and, maybe, time-bombs.

BIRD MASQUERADERS

In the amazing world of nature many animals, birds, fish, and lower forms of life are mistakenly identified as being something they are not, or closely resembling some other animal.

This is the fate of the North American Robin. This bird has been called a "robin" so long that it would be almost impossible to persuade people that it is not a true robin. The bird we identify as a robin, is, in reality, a true thrush.

The robin, often called the English Robin, is a much smaller bird, and except for the peculiar red coloring on the breast does not resemble the thrush at all. These thrushes are often three times as large as the true robin.

FRUIT PRICE CONTROLS HAVE BEEN REMOVED

Price controls on all fruits and vegetables have now been removed with the exception of apples, that is the unsold pack of 1946 apples, that are still in storage.

With excellent crops and prices controlled the fruit growers of this district have had the best five years in the history of the fruit industry.

With the removal of controls by the W.P.T.B. it is now up to the fruit growers to make every effort to maintain a more stable price on all fruit in the future. They are on their own now and they certainly should make every effort possible to maintain prices during the harvest season at a fair level.

FOXES STOP RABBITS FROM GIRDLING TREES

Heavy snow and sleet have failed to bring the usual grief to fruit farmers this year. Generally, when the robust jack-rabbit is unable to get at his natural food, grass, he hops to the nearest junior fruit tree and daintily nibbles away the bark. This year, however, there is no such trouble in Southern Peel's fruit belt. The reason: Foxes.

Toronto Township has something of a surplus of foxes this year. Township officials have not, of course, been asked to make a census of the municipality's vulpine population, but they have been paying out a considerable number of \$4 bounties on foxes. Hunters, to complain that there are no foxes for the family pot, and the foxes are hard to catch. But the fruitgrowers have no complaints.

Department of Agriculture officials at Queen's Park were unable to supplement Toronto Township's fox estimates, but said there just hadn't been any complaints of tree-girdling since last week's snow. Nor have there been, according to suburban police, applications for permission to destroy tree-destroying rabbits.

Special After School Matinee

Monday, January 20th, at 4:15 p.m.

By RICHES AND BRYDON

We were deeply shocked to hear of the tragic death of Bruce Graham on Saturday. Bruce was a former student of the school and will be remembered for his activities in the various branches of academics and sports. We deeply mourn the loss of a good fellow and a good friend.

Fourth Form Has It's Fling

Last Saturday (Slippy Satur-

day) night, fourth form threw its

annual sleighride party. It was

a small party, but what it lacked

in quantity it made up in quality.

The guiding lights and organiza-

tioners were Hilda McLean, Steve

Smerek, Julie DeLaPlante and Don

Mogg. Don deserves a special vote

of thanks for the excellent job he

did as M.C.

Although the party was a fourth

form affair various fifth formers

and third formers demoted and

promoted themselves for the oc-

casion.

One of the guests at the party

was Ross Calvert who came with

Mr. and Mrs. Bramcombe. In case

Ross should read this we would

like to extend our thanks for his

help in running the record mach-

ine and we extend a welcome to

him to drop in on any of our parties

when he is in Grimsby.

Another guest at the party was

Miss Eunice Bradbury of Welland.

Miss Bradbury stated that she

found the people of Grimsby very

friendly and thoroughly enjoyed

herself at the party. As you all

probably know by now Mr. Donald

McAlmon was Miss Bradbury's

escort on Saturday evening.

All in all it was a fine party.

Nice going fourth form.

Sports Dept.

Hockey

Coach Marley showed some of

the results of his work on the

G.H.S. hockey team on Friday last

when the local boys took on the

Saltfleet six.

Grimsby opened the scoring in

the first period when "Have" Jew-

son rapped one in on a pass from

Allan Scrivener. Saltfleet came

back a few moments later to tie it

up with a goal by Pitts. Then near

the end of the period Scrivener

scored one on a pass from Jewson.

The period ended without further

scoring.

The hockey in the second period

was faster and rougher but there

was no scoring. Two penalties were

handed out, one to Allan McPherson

and another to Jim Juras.

Jewson opened the scoring in the

third period by shooting one home

on a pass from Moberly. A few

minutes later "Have" swooped in

again to score on a pass from Met-

calfe.

Saltfleet now came back to score

two quick ones near the end of the

period and tie it up. Both of these

wer scored by Coughley. The game

ended with the score 4 to 4. "Rit-

chie" Doucet received a penalty

in the last period.

Although the whole Grimsby

squad put on a nice display of

hockey, we think that two of the

boys played particularly good

games. One, of course, was "Have"

Jewson who scored three of the

our Grimsby goals and gained an

assist on the fourth. The other lad

was "Ritchie" Doucet who played

a fine game on defense, breaking

up many Saltfleet rushes. Keep

your eye on this boy.

Grimsby—Goal, Walker; De-

mons, Spenuk, Korney, Hunter,

Costen Neckleson. Forwards: Bell,

Pitts, Zairos, Coughley, Lymburner,

Belvey, Mather, Geckie.

Note

In this account one Saltfleet goal

is unaccounted for as we were un-

able to obtain the name of the

player who scored the third Salt-

fleet goal in the third period.

Basketball

Teach Stars Wallop G.M.S.

Cage Quintets

Beating the Seniors 47-30 and

the Juniors 23-14, in a doublehead-

er last Wednesday, F. R. Close

Technical Institute of Hamilton

promoted themselves to be a trifle

too polished for the G.H.S. hoop-

sters.

Pointshooters for the Juniors

were: Zimmerman with 8, Cation

who got himself 6 points, and

Mogg, and LindenSmith with 2

each.

senior marksmen were Jewson

with 14, Jones 12, Riches 3 and

Brydon netting a foul shot for 1.

It was not a good night for the

red, white and black boys, how-

ever it was their first game of the

season and much more will be

signs by them when they hit their

style.

AN O'BRIEN HAS TO LEARN IRISH BROGUE

Sure and it's odd that one would have to teach an O'Brien the Irish dialect, but considering the case of this particular O'Brien, it isn't strange at all.

She is little eight-year-old Margaret O'Brien. In her career as a screen star she appeared as an English child in "Journey for Margaret," as a French youngster in "Jane Eyre," learned Chinese for "Lost Angel," went 1903 American for "Meet Mr. in St. Louis"—and now lives up to her name for the first time in "Three Wise Fools," showing at the Roxy Theatre the first three days of next week, with a special school children Matinee on Monday at 4 p.m.

As Sheila O'Monahan, Little Margaret supposedly arrives fresh from the land of shamrocks and shillelaghs and succeeds in confounding her three elderly guardians, Lionel Barrymore, Lewis Stone and Edward Arnold, with her blarney.

The youngster was coached in her Irish dialect by Mrs. Arthur Shields, wife of the famed actor, Arthur Shields, and herself a former member of the celebrated Abbey Players.

Special Feature Dept.

Introducing our new feature

"STUDENT PROFILE".

Eighteen years ago the stork

game to the Cole house. John

Douglas Cole was his name (not

the stork's). Today, however, he is

known in G.H.S. as "Fattie." He's

been at Grimsby High for five

years, "six year man" Cole is

spending this year as his second

"go" at the nine Senior Matricu-

lation subjects. He is studying En-

glish, French, Chemistry, Botany,

Trigonometry and Geometry. Be-

sides this he found time to play

Senior Rugby as a star halfback,

and he is also a Captain in the

Cadet Corps.

Brown-eyed "Fattie" with the

curly hair is a handsome 5'11" of

red-blooded Canadian youth, and

weighs 171 lbs. He tells us he weighed

151 lbs. a few months ago, before

he went north to work in the

mines. Evidently he ate a lot of

that good blueberry pie while

staying at the Dome Mines in

South Porcupine because he has

gained 20 lbs. and returned this

autumn a healthy specimen.

"Fattie's" ambition in life is to

make a considerable pile of "let-
tuce" and spend his later life ac-
ting the world and all its mysteries.
His hobby is listening to popular
music and he has a fine collection
of records.

He says his favourite food, next
to his best girl—Betty—is oysters,
fried in bread crumbs. (Note—He
can have them as far as we're
concerned.)

His favourite colour is brown
which he wears a lot of. In clothes,
he has a flair for loud, flowered
ties and trousers with a 25-16"

drape (so when next Christmas
rolls around you'll know what to
buy him).

His favourite sports are football,
hockey and smelter.

Well, there he is (gruesome ain't
it) our good friend boom compa-

panion, John Douglas "Fattie" Cole I.

This feature will take the place of

our "Student of the Week" in

each column from now on. We

think you'll get a lot of fun out of

it, don't hesitate to let us know

your opinion of our new feature

"Student Profile."
